Sylmar, October 29, 2009

We must be closer to the winter; we have heard people complain already about cold weather. Yes, it is cold when the thermometer shows 50 degrees in the morning.

Ulf is back and he will be here the rest of this year. No more clinics or judging jobs before Christmas. The trip to Sweden for Breeders Trophy was a success. All the Americans who joined were very happy that they came. Next time maybe you should consider to come along. Now it is Lasse's turn to fly away and freeze over a couple of weekends. He is going to Chicago this coming weekend and to Connecticut the following.

It is time for a horse show. November 14-15 at Hansen Dam. Six horses are going. Prinze, Charlie and Mille are showing Third Level and Lasse is showing Mambo for the first time in First Level. Eva is showing Accept Second Level.

It will soon be time to blanket the horses so make sure to bring what you think your horse should wear. Let Jesus, Eva and Olivia know.

Our Christmas Party is not until December but mark your calendar for Sunday, December 13th. That is on the Lucia day when Lucia is supposed to wear lighted candles in her hair.

For you who get this letter before this coming weekend, don't forget the Halloween Quadrille and Potluck on Saturday.

No more nagging about drinking water, we think the hot weather is gone for this year. You never know so maybe have some in reserve.

HAPPY HALLOWEEN!!
